

EZ Pull – EZ Read Wire Harnesses

CABLE

**Striped or Numbered
& Lettered Conductors**

CIRCUIT SIZES

Eliminates Ringing Out and Tagging

LOW VOLTAGE

Any size and type of wire: THHN, XHHW, XLP/USE, EPR 6 low voltage. Plus all other manufacturers brands and other types of wire including low voltage cables.

NOTE: We strongly recommend using water based pulling lubes when pulling silicon and other similar types of wire insulation which DO NOT allow our printing to properly adhere. In this case we can make wire markers with any nomenclature required and apply them at any location of the harnesses on the conductors per customers specification.

ANY NUMBER OF CONDUCTORS

For Example:

**705 - #14 THHN Stranded Conductors
Were Used on a Large Job in
California with the Following
UV Printing**

SPARE AL07-CCS-1 SPARE AL07-CCS-1

Excellent adhesion and any combination of numbers, letters or symbols repeated every half inch along the entire length of each conductor.

WITH VIRTUALLY NO MISTAKES!

Set Up Only 1 Reel – Pull & You're Done Eliminates Wire Pulling Equipment

Customer must satisfy all codes and owners' specifications.

PATENTED
