

Box & Conduit Support Plates

For up thru 12" x 12" Junction Boxes or mount up to two 6" x 6" Boxes

20 x 20 Plate installed horizontally by one single support from ceiling eliminating 4 additional support rods and 2 pieces of strut.

Load rating of conduit and box support plates is associated with load rating of box and mounting hardware.

Bend down four tabs at centers of outer edges to accept up thru 1/2" rod for vertical installation.

Open cross in center plus drill hole in center of back of junction box to allow mounting plates horizontally.

4 large open KO's in center allow entering and leaving back of the box.

Cat# CSP-20X20

20" x 20"
