

Lamp Guard

With Built in Socket and Leads for Temporary Lighting in Stairwells or Poured in Place Concrete Locations, etc.

Cat# LG100

PATENT PENDING

NEW!

Wire leads are totally enclosed in box

- Safer, extremely FASTER installation. Eliminates all expensive exposed wire which often gets in the way and becomes damaged during use and has to be scrapped later.
- Attach each lamp directly to power in box to use only where light is needed.
- Built-in slots allow fast installation and removing guard from outlet box.
- Design no wider than a plaster ring allows wall finishers to apply materials without having to remove the fixture
- Lamp guard allows a one time installation and does not have to be removed until job is completed
- Strong, durable, highly visible bright orange
- Dimensions 5 3/4" H x 3 1/8" W
- Available in any quantity
